

Trefeddian Hotel Customer Care Plan Updated 24th July 2020

Every effort has been made by the Trefeddian hotel to ensure that your stay is as enjoyable and safe as possible.

A thorough Covid 19 Risk Assessment and Emergency Action Plan have been produced to ensure we have covered all aspects of your stay and our working practices. A copy of this can be found on our website.

Alongside this our staff have been thoroughly trained in our new practices. All staff will have a health and temperature check on arrival at work daily.

This care plan has been devised to ensure you know what to expect when you stay with us, if you have any questions regarding your stay please contact us.

We have enhanced our already high cleaning standards throughout the hotel and implemented hand sanitiser stations at various points. We encourage you to continually sanitise your hands throughout your stay with us and adhere to social distancing guidelines where possible. Social distancing guidelines in Wales are currently two metres.

We ask that you please stay to the left as much as possible in corridors and landings and to wait at the top of the stairs to check if others are coming towards you.

Face masks are encouraged to be used as much as possible whenever you feel comfortable. If you would like to have your temperature taken during your stay please ask at Reception.
